

Avoid pinch points with the new ShovelTM Hand Safety Tool

Striving to keep the future safe

SHST42 | SHST50 | SHST72 | SHST72T | SHST72TEFLON

PATENT NO. 8,376,430

LHR offers the new ShovelTM Hand Safety Tool to help avoid pinch points and other hand related safety issues while working with suspended loads.

The ShovelTM Hand Safety Tool is non-conductive and cleverly designed to help:

- Push against flat surfaces, corners or rounded edges of suspended loads.
- Move pipe and tubulars with the “V” shaped end
- Grab slings and taglines with the hooks

New Features:

- Rubber lining add to “V” to improve grip
- Opposing grab hooks to help with the maneuvering of cable slung loads
- Non-conductive - no metal parts

Push / Pull Force Rating: Push 600lbs. / Pull 350lbs
