WHEN USING A HOOKIT™

The HookIt™ is a hand safety tool that helps you maintain control of an item while keeping hands away from "No-Touch" hazards. It acts as an extension of a worker's body to move, push or reposition an item, keeping users out of the danger zone while sustaining control of the object. It can also be used as a rigid tagline.

USE THE HOOKIT HAND SAFETY TOOL TO:

Pull, drag, or lift grating up to 50 lbs. per tool

Team lift a piece of grating up to 50 lbs. per tool

Pull or drag pallets

Push or pull objects on a rolling rack

Hook around a sling leg to pull a suspended load

Retrieve taglines out of the line of fire

Hook into a lifting eye to maneuver a suspended load

Hook into a flange hole opening to maneuver a wellhead or valve

MADE IN THE U.S.A.
